

MAKE BELIEVE WELL

PRESSKIT act. 11.11.2025

You are not a mistake. You are not too much.
You are a **Masterpiece** in motion. ♥

We are Make Believe Well
— two souls creating indie pop from the edge
of waking dreams. Music for the seekers, the misfits,
the rebels, and **the ones who still believe in magic.**
Tune in. Light up. Let go.

Emerging from the depths of a Czech musician's soul (KLIPERS)
this project transcends genres, seamlessly navigating between
the edgy allure of soundcloud rap and the heartfelt storytelling
of a singer-songwriter folk nomad. Indie synthipop and electropunk
at the same time!

Make Believe Well is the indie project of Milan Tarina and Daniela Debnárová, **blending inner landscapes with outward expression.** Since its inception, the project has released three EPs: **To a Little Foxie, K? <3!** and **We Go Home After This** — along with the singles **Good God, Masterpiece** and the latest release **We Are Not Alone.** The upcoming LP *Strictly No Elephants* continues the project's emotional, lo-fi-inflected journey through love, memory, and transformation.

Before **Make Believe Well**, Milan kept releasing music under the name **klipers**, including the acclaimed album **Vesmír se otočí** on Slovak indie label **Z Tapes**, inspired by Asimov's **Nightfall**. With performances across clubs and festivals (*FRAJ, Skaly, YouTopia, Use the City!, Za pokladmi starej Bratislavy, Voodstock, .klub Pod lampou...*), and collaborations across the Czech and Slovak scenes, his work remains rooted in sincerity and exploration. **Make Believe Well** is an ongoing evolution — a growing archive of intimate soundscapes and stories still waiting to be told. Debut album is coming!
